EDUCATION

National Institute of Technology, Srinagar

Bachelor of Technology in Information Technology;

Srinagar, India

Aug. 2022 – May 2026

EXPERIENCE

Software Engineering Intern – Cloud Native Applications

Noventiq (Umbrella Infotech)

Nov. 2024 – Feb. 2025

Noida, India

- Optimized MongoDB schemas and added query indexes, cutting API latency by **35%**.
- Refactored 8+ RESTful APIs using Node.js and Express, doubling backend throughput.
- Containerized 3 backend microservices using Docker, cutting deployment time by **50%**.
- Secured production services by implementing RBAC with JWT-based authentication.

PROJECTS

LogiPulse – AI-Driven Supply Chain Routing Platform

Next.js, TypeScript, PostgreSQL, MongoDB, GPT-4o

Feb. 2026 – Jul. 2026

- Built an engine using Dijkstra and A* to optimize paths based on weather and fuel costs.
- Deployed PostgreSQL via Prisma for multi-tenant data and MongoDB for telemetry logs.
- Built an OCR and GPT-4o document pipeline that flags low-confidence files for review.

HealthEase – AI-Powered Telemedicine Platform

Node.js, FastAPI, MongoDB, Docker, scikit-learn

Aug. 2025 – Jan. 2026

- Trained a prescription text classifier from scratch, reaching **85.4% accuracy**.
- Developed the data pipeline to clean, structure, and label raw prescription datasets.
- Connected a Node.js API gateway to a FastAPI microservice for model inference.
- Integrated Socket.IO to deliver real-time system alerts and live status updates.

Mohishree Facility Services – Production B2B Marketplace

Next.js, TypeScript, PostgreSQL

Jan. 2025 – Mar. 2025

- Deployed a role-based B2B marketplace supporting **500+ concurrent users**.
- Utilized Next.js Server-Side Rendering (SSR) to optimize load times and improve SEO.
- Enforced strict TypeScript type safety across the application to reduce runtime bugs.

TECHNICAL SKILLS

Languages: JavaScript/TypeScript, Python, C++, Java, SQL, HTML/CSS

Web & Backend: Node.js, Express.js, React, Next.js, FastAPI

Databases & Cloud: MongoDB, PostgreSQL, Docker, AWS, Git, DevOps

AI/ML & Systems: OpenAI, GenAI, AI Prompting, REST APIs, Microservices, JWT

CERTIFICATIONS

- **AWS Certified AI Practitioner** – Cloud ML architecture and deployment models, June 2026.
- **AWS Certified Cloud Practitioner** – Core infrastructure and cloud engineering, July 2026.
- **Anthropic Certifications** – Mastered Claude 101, Claude Code, and Claude Cowork workflows., July 2026.
- **JPMorgan Chase & Co.** – Software Engineering Simulation (Kafka, H2, REST APIs), Jan. 2026.
- **EF SET English Certificate** – Documented C1 Advanced professional communication, Jul. 2026.
